PRODUCT TIPS

- Offers a high quality solution for tight timelines and tight spaces (fits 6'x6' or 6'x8' area).
- Office-in-an-Hour is ideal for:
 - Creating office spaces within warehouses, industrial facilities or other open areas
 - Creating cubicles for open office spaces, for telemarketing, outside sales reps, customer service, etc.
 - Businesses needing a fast furniture solution following a disaster, such as fire, flood or storm
- Each workstation assembles in one hour or less, allowing quick installation with minimal disruption.
Recommend as a faster alternative to Series A.
- Durable commercial-grade construction:
 - Work surfaces offer superior durability against scratches and stains.
 - Desktop grommet and removable metal plate on legs for wire management.
 - 1" thick desk tops supported by metal brackets and legs resist sagging and provide a stable surface.
 - Sturdy, fully extending drawer slides and door hinges provide years of trouble-free use.
 - Meets or exceeds ANSI/BIFMA standards for performance and safety.
- Free Space Planning for complex or larger layouts ensures that the product purchased will fit correctly in the space.
- Backed by manufacturer's 10-year warranty.
